

August 2011

Dear Center City Families,

We are pleased to share the details of our before care and after school programs for the 2011-12 school year. Both extended day programs are an extension of Center City’s mission to empower our children for success. We are committed to bringing you the best programs at an affordable cost. To that end, the Extended Learning Program for the 2011-2012 SY will be run internally by Center City and will not be a Champions program.

MORNING ACADEMY

Center City’s before care program is shifting focus from a drop off service to a structured morning intervention academy. Morning Academy will operate Monday-Friday with a start time of 7:00AM. Students can be dropped off anytime between 7:00-7:15AM. The 7:15AM cut off ensures that all participants receive at least 30 minutes of online interventions such as Study Island, Lexia and DreamBox.

EXTENDED LEARNING PROGRAM

The Center City led Extended Learning program will operate from 4:00-6:00PM Monday-Thursday and 1:30-6:00PM on Fridays. The focus is on hands-on, interactive and academically based activities. Students will have a minimum of one hour and 15 minutes of dedicated homework time per week, at least one hour on web-based interventions, enrichment classes such as Science Adventures for early elementary students, writing workshops and a speaker’s series for older students, Friday fieldtrips, Playworks game time, and middle school clubs.

RATES

Pricing is not connected to Free and Reduced Meal Status, instead, Center City is offering program rates that align with our commitment to provide affordable quality programming for all families. Because we are not working with Champions, vouchers are not available or applicable. There is a 25% discount for each sibling. Families will have the option to register for programming M-F or can select to participate M-TH or Fridays only. The monthly rates for Center City’s Morning Academy and Extended Learning programs are as follows:

	Morning Academy ONLY		Extended Learning ONLY		Morning Academy AND Extended Learning
